Hi Jonathan.

We are about to complete these FOIAs and need to know if there are any response documents from the AO. We believe there might be.

Can we touch base ASAP?

Thanks alot!

Hi Jonathan - Happy New Year!

Touching base again. Someone reminded me that we only need emails initiated and sent by EPA, not received from outside.

I'm cc'ing some others in ORD who are handling these FOIAs. We'd like to get on a path to completing them - I believe the only piece left is to find out whether there are any response documents from people in the Administrator's office.

Thanks again,

jose

Hi Jonathan.

Following up on our FOIA discussion.

For HQ-FOI-01849-12, "Requesting all communications and records of all meetings between Chesapeake Energy and the EPA relating to the EPA Hydraulic fracturing water study for the time period of March 1, 2010 to August 16, 2012" try the following:

- Indexed search of all documents between 3/1/2010 and 8/16/2012 that has the word "Chesapeake" anywhere.
- Only flag those that are from EPA folks direct to persons from Chesapeake, or vice versa.

These include:

John Satterfield
Chris Hill
Stephanie Timmermeyer
Paul Hagemeier

For HQ-FOI-01479-12, "details on all meetings (dates, agendas, minutes) and correspondence (emails, calls, letters, and all other forms) between EPA and the following: the American Petroleum Institute (API), BP, ExxonMobil, Chesapeake Energy, Chevron, and any other oil and gas industry representative, as well as the Council on Environmental Quality, the Department of Energy, and the Domestic Policy Council of the Whitehouse, regarding EPA's Hydraulic Fracturing Study conducted by Jeanne Briskin", April 30, 2012 through June 1, 2012

- it's a bit trickier. You can narrow the search to that period of time. Then try searches for the different entities:

API
ExxonMobil
BP
Chevron
Department of Energy
Domestic Policy Council
Chesapeake Energy
Council on Environmental Quality

After the New Year, let's touch base and see if there are any response documents from the Administrator's office.

Best,

jose

Greetings Eric. Mary suggested that I speak with you.

ORD is looking to wrap up some long overdue FOIAs - we're on a tight deadline to finish these. It seems that there's a high possibility of there being response documents from OA. Can you assist us in this matter?

Best,

jose

Hi Mary!

ORD has two outstanding FOIAs that we need to make sure we get the relevant documents from OA. I'm not aware that it's been accomplished.

Here's the first: I'll send the other in a second email.

Number 1 is from Greenpeace for the dates April 30, 2012 to June 1, 2012 only.

It's for: documents related to details on all meetings and correspondence between EPA and the API, BP, Exxon Mobil, Chesapeake Energy, Chevron, and any other O&G industry representative, as well as CEQ, DOE, and the WH's Domestic Policy Council *specifically regarding ORD's HF study*.

Thanks a great deal for any help you can provide.
